

Digital ID card Entry to DICA Starts

Directorate of Investment and Company Administration (DICA) will start using a Digital ID card self- registration system that will record the entry and exit of the visitors to the office. This integrated digital access which facilitate visitors' entrance, security and provide information research for the department. The digital ID card system will operate from 1st November 2017.

Visitor's entry/exit ID card self- registration system will operate as follows:

- (a) For the domestic visitors, National Identity card (or) driving licence (or) other official identification card is needed to receive the ID card. For foreign visitors, passport (or) official identification card issued by the organization/company is needed.
- (b) Visitors will have to operate the digital card system by themselves when they enter the office entrance.
- (c) After registration is completed, visitors will receive the digital ID card by exchanging their identification card from the respective staff or official at reception.
- (d) Visitors need to return the digital ID card on leaving and their ID card will be returned.
- (e) MMK (5000) fine is to be paid for the loss or damaged of the ID card.
- (f) MMK (3000) fine par day is to be paid if a visitor fails to return the ID card.

DICA kindly requests to visitors cooperate with the directorate in using digital ID card self- registration system in order to facilitate the entry to DICA.
